By order Worthy President,
A. L. LANE,
FRANK C. POOR, Sec.

BIG PINEAPPLES
AND FAT CATTLE

Are Reported From Central Maui--New House on Haleakala.

PAIA, August 24.—Henry Alexander of Haiku is harvesting his crop of pineapples. The yield is a heavy one. The cannery at Haiku is still in full action. In a year or two a large new factory will be constructed by the Haiku Fruit and Packing Co. to meet the increased demands of the neighboring pineapple planters.

Kula should produce many fat cattle the coming season for all the pastures are green and the vegetation luxuriant. In truth the whole of Makakao district is a beautiful green.

In October, W. O. Aiken will start the construction of a new mountain house on Haleakala's summit. He will use funds collected by S. R. Dowdle. Frank Orbell who has been in the employ of Pioneer Mill Co. for three years is visiting in Puunene before leaving for Porto Rico where he has accepted a position as Mill engineer. Mr. and Mrs. Watson, the parents of Mrs. W. M. Forbes of Honolulu, are visiting W. O. Aiken at Puuomalei.

Principal and Mrs. Percy L. Horne of Kamehameha schools are at Idlewild on Haleakala's slope. They ascended to the top last Monday. Mr. and Mrs. Wm. Lougher who spent their honeymoon with Mrs. Forbes at Waimea, Hawaii, arrived per Kinau August 10th. A special train was sent to Maalaea with a delegation of friends to meet them. They are now living in the house formerly occupied by Mr. and Mrs. Seaby.

Miss A. Sawyer who has been spending several weeks with her sister Mrs. William Seaby and many of her old friends on Maui, sailed from Honolulu on the steamer Nevada to resume her duties as librarian of Mill's Seminary, Oakland.

Last Thursday a fatal accident occurred in the machine shop. A Japanese was unfortunately caught in a belt, and before the engine could be stopped his skull was crushed, death resulting instantly. An inquest was held and a verdict of accidental death returned.

The unprecedented rains of the past ten days have not been wholly a blessing for while the grass and cane have been benefited, much damage was done to some of the ditches, flumes, and bridges and a number of houses have been washed into the sea. The roads are quite muddy as a result of the heavy rains of late.

Part of the Kihel road is reported to be in a bad condition. It is said the cane at Kihel was never better than it is this year. Over half of the road along the beach between Wailuku and Kahului has been macadamized and is first class.

ONOMEA'S CROP.

HILO, August 23.—Grinding finished at the Onomea Sugar Company with a total of 12,430 tons. Manager J. T. Moir left for Honolulu by the Kinau in order to make arrangements for the installation of a new crusher and engine and other plantation machinery. The new plant will be installed in time for the handling of the next crop.

A slight shock of earthquake was felt in Hilo on Sunday afternoon a week ago, shortly before three o'clock.

WHAT IT WILL DO.

A woman buys a sewing machine or what it will do; not as an article of furniture. A man carries a watch to tell him the time; not as an investment of surplus capital. The same principle when one is ill. We want the medicine or the treatment which will relieve and cure. The friend in need must be a friend indeed, something, or somebody, with a reputation. There should be no guesswork in treating disease. People have the right to know what a medicine is, and what it will do, before they take it. It must have behind it an open record of benefit to others for the same diseases, a series of cures that proves its merit and inspires confidence. It is because it has such a record that **WAMPOLE'S PREPARATION** is bought and used without hesitation or doubt. Its Good Name is the solid basis for the faith the people have in it; and a good name has to be earned by good deeds. It does what you have a right to expect it to do. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, combined with the Compound Syrup of Hypophosphites and the Extracts of Malt and Wild Cherry. In Scrofula, Anemia, Nervous and General Debility, Influenza and Wasting Complaints, it is to be thoroughly relied upon. Doctor J. L. Carrick says: "I have had remarkable success with it in the treatment of Consumption, Chronic Bronchitis, Catarrh and Scrofulous Affections. It is of special value in nervous prostration and depraved nutrition; it stimulates the appetite and the digestion, promotes assimilation, and enters directly into the circulation with the food. I consider it a marvelous success in medicine." Every dose effective. "You cannot be disappointed in it." Sold by chemists throughout the world.

VOLCANO LOTS
FOR HILO FOLK

Surveys Being Made Now and Lots Will Be Sold Very Soon.

HILO, August 23.—Engineer Thomas E. Cook is now on the mountain surveying the lots on the Volcano road, which the Territorial Department of Public Lands proposes shortly to offer for sale. There has been some delay in proceeding with this sale because it was first necessary to effect an exchange of land with Commissioner Charles B. Furneaux, whereby a right of way could be secured, so that all the lots should have a frontage on a Government road. But as this exchange has been completed, the work of survey will soon be finished.

The lots to be offered are within about two miles of the Volcano House. The land is mostly lava, absolutely worthless for agricultural or pastoral purposes, except perhaps a stray patch here and there, and the lots are to be sold simply for mountain residences, where cottages can be erected so that people in Hilo can go up there for a vacation, or from Saturday to Monday. Some of the lots may be purchased by people in Honolulu, who will be glad to have a place where their families can spend a few weeks near the volcano.

It is the intention of Land Commissioner Pratt to offer "The Volcano Lots" at cash sale with no conditions or strings of any kind attached to them. The highest bidder will get each lot, paying cash for it and securing his patent. They will probably be offered at a nominal valuation, five to ten dollars an acre, and be parceled out into five-acre lots.

INTEREST IN THE
KAPAPALA LANDS

When the Lease Is Offered There May Be Many Bidders.

HILO, August 23.—Interest is growing here in the sale of the Kapapala ranch land which will be offered at auction on Monday, September 9th, at the Judiciary building in Honolulu.

It is probable that, when the lease is offered by Land Commissioner Pratt, the land will not be allowed to remain in the hands of the present occupiers without a struggle, even if they do not lose some part, perhaps all of it. At the Sub-Agent's land office in Hilo there have been several inquiries made for detailed information of the lease, and the steps necessary to be taken in advance of the sale. As the land is not within the jurisdiction of Agent Williams, he declines to furnish the names of the parties applying to him, though giving them every assistance in his power. That there are three distinct parties, on the island of Hawaii, discussing the project, is known here, but whether any or all of them will bid for the leases cannot be told till the day of the sale. All of them are working quietly and observing the utmost secrecy.

There is also a rumor that an association has been formed, by a "hul" of six, to bid for the property.

COMMENT SUPERFLUOUS.

A Hilo paper says: D. E. Metzger, superintendent of the Hilo Railroad Company, returned from Honolulu by the last Kinau after a somewhat strenuous visit to the capital. He went away a couple of weeks ago intending to return at once, but while in Honolulu he not only was robbed of his watch and his money, but was also laid up with a severe attack of grippe. He left his valuables and also fifteen or twenty pounds of avoirdupois in Honolulu.

"I have no idea who got away with my watch and money," he said the other day. "I was stopping at the University Club and on the night of my arrival I dined with Senator Palmer Woods, Geo. F. Henshall, editor of the Star, and Jack Bergstrom of the Bergstrom Piano Company. In the morning I had no watch and no money. Comment, perhaps, is superfluous."

PLANS FOR LONGWORTHS.

Congressman Nicholas Longworth and Mrs. Longworth will arrive by the Claudine in Kahului today. A special train will take them to Puunene, where they will have breakfast. Hon. H. P. Baldwin has suggested that they take the Iao Valley trip, and has offered to take the party to the end of the road in his auto and from there send them up on horseback to the tableland. In the evening the party will go to Olinda and visit Haleakala, and then visit Kaupo, Kipahulu, Hana, Nahiku and Keaneae. They will return to Honolulu from Kahului Wednesday. — Maui News.

GROWING WAILUKU.

WAILUKU, August 24.—Building has had quite a stimulus of late in Wailuku. Carpenters are now at work on a cottage for Attorney Jas. L. Coke, on High street; a cottage for the brothers of St. Anthony's School, and a cottage on Vineyard street. It is said that work will begin soon on the new Japanese church and the Y. M. I. hall on Vineyard street.

A good cook is after a place in a private family. Let him know through the classified advertisement column today that you will take him.

This Day

At Auction
